

PC Plummer Monday 13th March

We had a very special visitor today..... one of our parents, Police Constable Plummer.

As well as catching robbers and criminals, PC Plummer explained to the children about some of his other special jobs; finding missing people, helping vulnerable people, entering into peoples' houses who may be sick or in danger and saving peoples' lives.....

He showed the children - truncheon, a vent aid, some handcuffs, a torch, paper and a lighter.
